Dear Supervisors:

2003 HOLLYWOOD BOWL PARK-AND-RIDE AND SHUTTLE PROGRAM ALL SUPERVISORIAL DISTRICTS 3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the continuation of the park-and-ride and shuttle program to provide service from 15 park-and-ride lots and 5 shuttle lots to the Hollywood Bowl for the 2003 Hollywood Bowl Summer season.
2. Authorize the Director of Public Works, or his designee, to disburse Proposition A Local Return Top-of-Pot Transit funds, available in the Transit Enterprise Fund, for the program costs not financed by the Los Angeles County Metropolitan Transportation Authority and farebox revenue.
3. Authorize the Director of Public Works, or his designee, to negotiate the necessary agreements with various municipal bus operators to provide service for the park-and-ride lots.
4. Authorize the Director of Public Works, or his designee, to negotiate and award contracts to independent bus operators, which are determined to be the most qualified, responsible proposers for the park-and-ride lots.
5. Authorize the Director of Public Works, or his designee, to negotiate an agreement with the Los Angeles Philharmonic Association for partial financing of the service for the shuttle lots and for operation of the park-and-ride lots in the event the regular bus operator(s) fail to deliver service.

6. Instruct the Director of Public Works, or his designee, to sign the necessary agreements after County Counsel has reviewed and approved as to form.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this recommended action is to approve the continuation of the Hollywood Bowl Park-and-Ride and Shuttle Program to provide public transportation to the 2003 Hollywood Bowl Summer season performances. The Los Angeles Philharmonic Association will continue their marketing campaign to promote the park-and-ride program and encourage the prepurchase of ride tickets.

Your Board previously approved programs to provide public transportation from local shuttle lots and outlying park-and-ride lots throughout the County to the Hollywood Bowl performances during the past 29 summer bowl seasons. The park-and-ride and shuttle programs have been extremely successful transporting approximately 27 percent of the 2002 Bowl season attendees to this special event center.

Implementation of Strategic Plan Goals

This action meets the County's Strategic Plan Goal of Service Excellence as it provides services to the public in a responsive manner and allows our residents to enjoy the arts, which improves their quality of life. Providing these services improves the mobility of the patrons and decreases the congestion in the vicinity of the Bowl. It further meets the County's Strategic Plan for Fiscal Responsibility by operating as a public-private partnership.

FISCAL IMPACT/FINANCING

The estimated cost to provide the service for the 2003 summer season in excess of farebox revenue is \$1,090,000, which includes \$925,000 for the park-and-ride, \$105,000 for the shuttle, and \$60,000 for County staff support. This estimate also includes contingency for additional events.

In March 1997, the Los Angeles County Metropolitan Transportation Authority (MTA) approved ongoing dedicated funding for the park-and-ride services in the amount of \$522,000 annually. These funds will be used to offset the park-and-ride program

operating cost. Accordingly, the net cost to the County is estimated to be \$568,000, which will be financed by Proposition A Local Return Top-of-Pot Transit funds, available in the Transit Enterprise Fund, administered by Public Works.

The various municipal operators may include, but are not limited to, the City of Carson, Culver City Municipal Bus Lines, Foothill Transit, MTA, and Santa Monica Municipal Bus Lines. Public Works will award contracts to one or more independent bus operators through a Request for Proposal process. The agreements will be approved as to form by County Counsel prior to submittal to the Director of Public Works, or his designee, for signature. The agreements will be submitted to the Director of Public Works, or his designee, for signature before the term of service begins.

Each park-and-ride and shuttle lot location will be protected by a uniformed Los Angeles Philharmonic Association guard dispatcher and there will be no charge for patron parking at these lots. The Los Angeles Philharmonic Association will obtain approval of the property owners at each location to operate the park-and-ride and shuttle service from their lots. Should a lot location become unavailable for use, the Los Angeles Philharmonic Association may arrange for an alternate site. As in past years, the bus operators serving each lot will provide the necessary liability insurance to "hold harmless" the property owners of the park-and-ride and shuttle lots. The fare structure for the express park-and-ride program from the distant park-and-ride lots will remain at \$2.50 per person each way. The fare structure for the shuttle program from the four nearby shuttle lots will remain at \$3.00 per round trip.

ENVIRONMENTAL DOCUMENTATION

On December 19, 2000, Synopsis 67, your Board found that the park-and-ride and shuttle services are discretionary projects that are statutorily exempt from the California Environmental Quality Act pursuant to Public Resources Code 21080(b) (10).
